Notes.—(a) The above rates include portorage by the Port Trust except in the case of any of the following items:—Coal, coal ashes, coke, stones, ores, explosives, firewood, hay, straw or grass, marine, empty oil cases, redwood, timber, and all goods landed outside the harbour. If timber be landed on a pier for carriage into the Trust's yard, portorage at the rate of Re. 1 8-0 per 50 cubic feet shall be paid, but the Trust takes no responsibility for timber so landed—any more than for other harbour. Tins empty oil cases of other sizes than 8 gallon the rate will be altered proportionately.

(b) For all Government stores—except explosives, opium, coal, coke and timber for which rates are shown in the above schedule—a uniform rate will be charged, inclusive of all charges, of Re. 2 per ton of 20 cubic feet or 20 cwt.

(c) If the aggregate of all charges payable in respect of any one consignment shall amount to less than * annas, a minimum charge of 4 annas will be levied.

(d) Three annas per ton less than the above rates shall be charged for non-dutiable coasting cargo the handling of which has been abandoned by the Port Trust. But should the Trust see fit to do any part of the handling of such cargo, it may do so reserving the cost, at its authorised rates or payments for such work from the steamer agents or others concerned. This reduction of 3 annas will not, however, apply to goods landed outside the harbour, or to Government consignments, or to coal, coal ashes, coke, stones, ores, timber, redwood or firewood, if landed inside the harbour.

(e) The schedule rates for motor bicycles, motor cars, carriages and tramways cover cranage on landing or shipment and will supply also to return after failure in ship.

(f) No duty will be charged on *bona fide* "personal effects" or "personal effects," accompanying passengers, on their own personal luggage. But this exemption does not extend to troops.

OTHER STATIONS WHICH THE BOARD MAY PERFORM FOR THE PUBLIC

1. (*a*) STORAGE—*Ordinary.*—Exclusive of the days of shipment, landing and delivery, and also of Sundays and Chamber of Commerce holidays, three days will be allowed free from the date of landing or deposit at any wharf, pier, dock, land or building in the possession or occupation of the Board. After the expiration of these three free days, no further allowance will be made for Sundays or holidays, and the rate for storage for the first week or portion thereof will be one-fourth of the rate given in the above scale for each article. For the second week or portion thereof, double the rate for the first week will be charged. For the third week or portion thereof, and thereafter for each week or portion thereof, treble the rate for the first week will be charged. Half storage rates will be charged if goods are stored in the open without covering either of tarpaulin or roof. For goods stored by the Board in its crane yard and for non-dutiable coasting cargo not portaraged by the Trust, the three free days begin only on the day after the sailing of the vessel to which they have arrived.

(*b*) STORAGE—*Export.*—But for goods stored in the eastern export shed, a charge of Re 1 *per diem* will be made for each space of 150 square feet for the first week after the expiry of the above three free days. For the second week, double the rate for the first week will be charged. For the third and subsequent weeks, treble the rate for the first week will be charged. Similarly, small export consignments or individual packages may be charged at the rate of 1 anna per package per day for the first week, 2 annas per package per day for the second week and 3 annas per package per day for the third and subsequent weeks. But only half the above rates will be charged when goods are stored in what are known as the old or western export sheds.

2. STORAGE—*Special.*—A charge of Re 5 *per annum* per 2,400 square feet will be levied for the storage of bulky goods, such as coal, coke, minerals, timber, iron, firewood, redwood, stone, etc., on application made in writing previous to deposit at any wharf, pier, dock or land in the possession or occupation of the Board. This reduced rate will be levied per calendar month or portion thereof, and a part of 2,400 square feet for part of a month will be reckoned as a full 2,400 square feet for a full month. All goods so stored at this reduced rate will be at the risk of the owners, the Trustees merely renting the space to owners by the month. In applying for leave to store goods, owners must state that, in consideration of the reduced rate, they accept all risks and responsibility. In the absence of such a statement, *ordinary* storage rates will be levied, as given above in paragraph 1.

3. STORAGE *of Iron and Steel.*—After allowing for such free days as the Board may see fit to grant, the following charges will be made for storage of the undelivered balances of consignees' consignments, as worked out from day to day:—

During the first month	.. ..	½ pie per ton per day.
" second month	.. ..	1 anna " "
" third "	.. ..	2 annas " "
" fourth and subsequent months	.. ..	4 " " "

Note.—The months will count from the date on which the steamer begins to discharge her cargo.

4. CRANAGE.—For the cranage of goods at any wharf, pier, dock, land or building in the possession or occupation of the Board—for each package, chargeable by weight or measurement.

		Rs.	A.	P.	
Up to ½ a ton	at the rate of	0	4	0	per ton per hour.
Over ½ ton and up to 1 ton	"	0	8	0	" "
Over 1 ton and up to 3 tons	"	1	8	0	" "
Over 3 tons and up to 5 tons	"	2	8	0	" "
Over 5 tons and up to 10 tons	"	4	0	0	" "
Over 10 tons and up to 15 tons	"	5	0	0	" "
Over 15 tons	"	6	0	0	" "

Note.—These rates do not apply to Government stores except explosives, spoils, coal, coke and timber.

5. HAULAGE—*Haulage of railway vehicles carrying goods to or from, or entering upon, any pier, dock, land or building in the possession or occupation of the Board.*—For each loaded vehicle, moved by the Board's engines or cookies, two annas per trip per ton carried, or in the case of coal, per ton of marked waggon capacity. When not so moved the charge for entry of vehicles will be one anna per trip per ton carried or marked respectively as aforesaid.

But for movement of vehicles over the Board's lines outside the harbour arms the charge will be 3 annas per trip per ton of marked waggon capacity for bulk or canned mineral oil, minerals or stone, or per ton carried of other goods. This 3-anna rate covers full or empty haulage of the vehicles inside and empty haulage outside the harbour arms. But it does not apply to lumber, on which, wherever hauled, the 2-anna rate only is payable.

6. LOADING, UNLOADING AND SPECIAL PORTERAGE.—Into or from railway or other vehicles by hand labour, annas 2 per ton. Porterage not covered by harbour dues, actual amount paid by the Trust for such porterage.

7. TRANSHIPMENT, ETC.—Upon goods manifested for transhipment, if landed and re-shipped, cranage will only be paid upon re-shipment, but when transhipped from ship to ship, half harbour dues only will be charged. If the tonnage of goods so transhipped cannot be ascertained, dues will be levied upon the registered tonnage of the lighter or other craft conveying them. Sea-sick's effects and ships' fittings will be passed free, but in the case of the latter, the Trust is not obliged to handle them. When the Trust handles these at the request of the steamer agents cranage will be charged if cranes are used and an all over charge of four annas per ton will also be made to cover the cost of moving them. Coal, and petroleum fuel which has paid dues on landing will be re-shipped free. When goods are water-borne for shipment, but not shipped, a refund of dues, other than cranage, will be made, provided the refund is claimed within fourteen days from date of short shipment.

8. DEMURRAGE.—When railway vehicles that have been made over by the Trust to firms of individuals for loading or unloading are detained by them beyond the period specified for such work by the Trust from time to time, such firms or individuals shall pay to the Trust any demurrage charges for which the latter will become liable to the railway authorities, in consequence of such detention, according to the railway's demurrage scale.

The marks so reduced will be subject to a correspondingly reduced deduction under clause 5.

5. The merit of the persons examined will be estimated by marks (*b*); and the number set opposite to each subject in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. From the marks assigned to candidates in each subject will be made such deduction as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Should any of the selected candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate.

The examination will be conducted on paper and *viva voce*, as may be deemed necessary. This examination will be held at the close of the year of probation, and will be called the "*Final Examination*."

If any candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

The examinations in riding will be held as follows :—

Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of selected candidates.

11. The selected candidates who, on examination shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that service.

(*a*) Instructions, showing the extent of the examination, will be issued to selected candidates as soon as possible after the result of the Open Competition is declared.

12 Persons desirous to be admitted as candidates must apply on Forms, which may be obtained from "The Secretary to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st July (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held, an application, in the handwriting of the candidate and in the prescribed form.

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected candidates will be allotted to the services upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance amounting to £150 will be given to any candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, Aberdeen and London (University College or King's College), Victoria University, Manchester.*

This allowance will be paid in the selected candidate in four instalments on the following dates respectively.—December 25th after his selection, March 25th, June 25th, and the date of his signing his covenant on being finally appointed to the service.

With the final instalment an allowance on account of passage to India will be paid to each newly-appointed cadet to the amount of £47 10s. Od. for passage to Calcutta, Madras or Bombay, and £42 for passage to Rangoon, the Officer then making his own arrangements for his passage.

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a certificate that the candidate has fulfilled up to date the requirements of the Authorities, and shows satisfactory conduct at the Authorised University or College; the fourth and final instalment will be paid as soon as the selected candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself to refund all monies he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Civil Service of India, or*

(2) *his subsequent failure to execute the said covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(iv) *All candidates obtaining certificates will be also required to enter into covenants, by which amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The sums payable on these covenants amount to £1.*

(v) *The seniority in the Civil Service of India of the candidates obtaining certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*

(vi) *Candidates obtaining certificates will be required to report their arrival in India within such period after the grant of their certificates of qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

(Copies of this paper may be obtained on application to the Director of Public Instruction, Madras.)

In view of the importance of legible handwriting to the public service, candidates are warned that the provision as to deductions for bad handwriting in these competitions will be strictly enforced.

Candidates are warned that full marks cannot be obtained on any paper unless the whole of it is answered; or, in cases where the number of questions to be answered is specified, unless the full number specified is answered.

1. *English Composition.*—An essay to be written on one of several specified subjects.

4. *Greek Translation.*—Translation from Greek into English.

In the one the candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria:

Verse.—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose.—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

A minute knowledge of the works of these authors will not be looked for in this part of the examination, which will, however, test how far the candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature. Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, Syntax and prosody.

The names placed beside the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700; all the works of Swift within the period 1700 to 1800, all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

C. B. COTTERELL,
Ag. Secretary.

Board of Revenue (Separate Revenue),
13th August 1909

Preamble.

No. 16.—In virtue of the power delegated under clause XIII (10) of Government Notification No. 433, dated 13th July 1886, the Commissioner of Salt, Abkári and Separate Revenue hereby prescribes, under section 29 of the Madras Abkári Act I of 1886, the following rules governing the import, transport and export of liquor and intoxicating drugs prepared from the hemp plant in transit through British territory from one portion to another of a Native State or of a French Settlement in the Presidency of Madras.

NOTE.—The transport from one part of Cochin territory to another and one part of Travancore territory to another across the Shoranur-Cochin and Tinnevelly-Quilon Railway lines will not be treated as transport through British territory. Transport through railway station compounds will, however, come within the scope of the rules

Rules

1. No liquor or intoxicating drugs prepared from the hemp plant shall be transported through British territory except under, and in accordance with, a permit issued in accordance with the following rules.

2. Except in the case of permits issued to persons duly licensed to vend in British or French territory or in a Native State, no permit shall cover the transport of more than the undermentioned quantities of liquor and intoxicating drugs:—

Country spirits.—Eight drams throughout the Presidency except the Munagala and Lingagiri zamindaris of the Kistna district and certain villages of the Kistna and Guntur districts bordering on the Nizam's dominions for which the quantity fixed is one dram.

Toddy.—One gallon throughout the Presidency except the Munagala and Lingagiri zamindaris of the Kistna district and certain villages of the Kistna, Guntur, Bellary and Kurnool districts bordering on the Nizam's dominions for which the quantity fixed is one dram, that for Kurnool Municipality alone being eight drams.

Hemp drugs.—Five tolas of ganja or charas and one seer of bhang and preparations or admixtures containing the above quantity.

Foreign liquor.—One open bottle of wine or half a pint of spirit in certain villages of the Godavari, South Arcot, Tanjore and Malabar districts bordering on the French Settlements.

3. The permits recognised under these rules shall be in printed forms and in duplicate. Each permit must bear a consecutive number and must be sealed with the private seal of the officer issuing the permit in addition to his office seal.

4. The period of currency of a permit must be regulated according to the distance the liquor or drug is transported, one day being allowed for every 15 miles by road or 70 miles by rail in addition to one day for despatch and one day for delivery in the case of consignments sent by rail.

5. Every consignment transported through British territories under these rules shall be accompanied by its permit, which must show the name of the transporter, the quantity of liquor or intoxicating drugs covered by it, the route of transport, the period of currency and the officer before whom it should be taken for verification.

6. Where Customs stations are established between British territory and any Foreign Settlement or Native State, the route to be entered in a permit must always include at least one such Customs station, the officer in charge of which, when the consignment passes through, will note on the reverse of the permit the condition of the packages and seals.

7. Whenever a permit is issued, the duplicate thereof, which should bear the impression of the same seals as have been placed on the original permit and on the consignment, should be forwarded by the officer issuing the permit to the officer appointed to verify the consignment.

8. Every package to be transported through British territories under these rules shall be sealed and the seals used shall be the same as those impressed on the permit (*see* rule 3).

9. Permits for transport under these rules shall not be recognised unless they are issued by officers specially appointed in that behalf by name or designation by the Chief Excise Officer of the territory in which the officers are to exercise their functions.

10. Every consignment will be verified on arrival at its destination by an officer appointed for the purpose by the Chief Excise Officer of the territory to which the consignment is transported.

11. Every officer appointed or authorised to issue permits under rule 9 *supra* must be kept informed of the name and designation of all officers authorised under rule 10 to verify consignments.

12. The names or designations of all officers appointed to issue permits and to verify consignments will be communicated to the Deputy Commissioner of the Salt, Abkári and Customs Department whose division the Native State or French Settlement adjoins.

13. The officer issuing permits under rule 9 *supra* should furnish the Inspector of the Salt, Abkári and Customs Department through whose circle the consignments are to be transported with a monthly list of permits issued in a form showing the names of the transporters, the numbers of the permits, the dates on which they were issued, the route by which the consignments were required to be transported and the quantity covered by the permits.

14. On the arrival of the consignment at its destination, it shall be verified by the officer appointed for the purpose under rule 10 *supra*. He will examine the seals and weigh or measure each package, as the case may be, before opening it. He will then open each package and satisfy himself that the contents agree both as to nature and weight or measurement, as the case may be, with the entries in the permit and will enter the results of his verification on the reverse of the original and the duplicate permits, will return the original permit to the transporter and will forward the duplicate to the Inspector of the Salt, Abkári and Customs Department of the circle across which the consignment has been transported for transmission to the officer who issued it.

15. Any Land Revenue officer not inferior in grade to a Revenue Inspector, any Salt, Abkári and Customs officer not inferior in rank to a Sub-Inspector, or any Police officer not inferior in grade to a head constable, may inspect any consignment in transit in British territory and when he does so shall note on the reverse of the permit the condition of the packages and seals.

16. Any person found transporting liquor or intoxicating drugs in contravention of these rules will be dealt with in accordance with section 55 of the Madras Abkári Act.

17. No person who is found to have committed any breach of these rules shall be allowed to transport liquor or drugs through British territory under a permit issued in this behalf, and the name of any person detected in the commission of any such breach shall forthwith be communicated by the officer detecting the offence to the Deputy Commissioner of the Salt, Abkári and Customs Department concerned who will arrange with the Chief Excise Officer of the territory from which the offender brought his liquor or intoxicating drugs, as the case may be, for the intimation of the offender's name to all persons authorised to grant permits. If any such person be subsequently found transporting liquor or intoxicating drugs even under a permit, such consignment shall be liable to confiscation.

OFFICIAL ADVERTISEMENTS.

REPAIRS TO KUMULI-KURUVANUTH ROAD, MADURA DIVISION.

In G.O., No. 503 L., dated 22nd April 1909, and Madura District Board Proceedings, No 52, dated 29th May 1909, the extensive repairs to the Kumuli-Kuruvanuth road from mile 44/0 (from Periyakolam) to mile 50/1 ordered to the above-mentioned correspondence will necessitate—

(1) The building of many culverts and probable stoppage of all traffic;
(2) The blasting of rock at various places along the road and stone and other material lying on the road;
(3) Excavation for rebuilding revetments on a large scale;
(4) Felling trees.

Owing to this the road will probably be dangerous to all traffic between sunrise and sunset until further orders. Arrangements will be made as far as is possible to minimise the danger owing to these and other repairs.

Timber and other materials (if allowed to in any way obstruct this road) which are not cleared within 12 hours of being left on the road will be cleared by the Public Works Department subordinates as opportunity affords, and these subordinates will in no way be responsible for loss or damage on this account. Every endeavour will be made by this department to try and let traffic through during construction of culverts and other work. Blasting will generally take place between 8 and 9 A.M. and 1 and 2 P.M., but the public are advised to make careful enquiries before proceeding along the road.

In some cases, such as reconstructing existing wooden culverts, it may be necessary to close the road for three days; when this is necessary, notice will generally be given three days beforehand at Kuruvanuth and Kumuli.

21st August 1909.

H. BROWN,
Executive Engineer, Madura Division.

AUDIT ORDER.

The accounts of 52, the Madras and Southern Mahratta Railway Employees' Urban Bank, Limited, for the co-operative year ending 30th June 1909, as audited by the Special Deputy Collector M R Ry. K. Vijyaraghava Chariyar Avargal, M A, are passed. During the year under review, the Bank earned a net profit of Rs. 237-7-9; and an amount equivalent to one-fourth of it will, under by-law 26 of the Bank, be carried to the credit of the Reserve Fund. The Bank is requested to invest Rs. 58-5-11 in the Madras Central Urban Bank, Limited, as a fixed deposit. With this amount, the total to the credit of the Bank's Reserve Fund is Rs. 123-5-1. The sum of Rs. 16-14-0 to the credit of the Reserve in the Postal Savings Bank should be withdrawn as already directed in the audit order for the previous year and included in general transactions and the Post Office account closed. Any interest which the Post office allows should also be credited to the general funds.

2. The balance of the net profits, viz., Rs. 178-1-10 is available for distribution as dividend. The amounts of dividend aggregating to Rs 191-13-7 and relating to the two previous years have yet to be distributed to members. The directors are informed that thus a sum of Rs. 369-14-5 is available for distribution or holding up according to their discretion.

3. The Special Deputy Collector's remarks on the excellent work turned out by the Managing Committee are endorsed. The Bank serves a decided want. The thanks of the Bank are also due to the Railway Company for lending its Fine Fund to the Bank at a low rate of interest.

From—M.R Ry K. Vijyaraghava Chariyar Avargal, M.A., Special Deputy Collector.

To—the Registrar of Co-operative Credit Societies, Madras.

Dated—Madras, the 3rd August 1909.

No.—C. 118 of 1909.

I have the honour to report on the audit of the accounts of No. 52, the Madras and Southern Mahratta Railway Employees' Urban Bank, Limited, for the year 1908–1909 as follows:—

The accounts for the year were audited by me in detail and found correct.

2. The Bank began with 331 members on the rolls and 118 new members were admitted in the course of the year under report. Of this, 91 withdrew from membership on account of their having

finally quitted the Railway Company's service, and 3 members died so that on the 30th June 1908 there were 155 members, all non-agriculturists.

3. An amount of Rs. 2,555 was outstanding in the account's as share capital at the beginning of the year. During the year, 311 shares were allotted to members and Rs 1,555 was received as share subscription, out of which Rs 455 relating to 91 shares was paid back in the course of the year. The sum outstanding against the Bank under this head on the last day was therefore Rs. 3,755 (involved in 751 shares)

4. Fixed deposits to the extent of Rs 2,450 were received from members and Rs. 1,300 were returned to them during the year. There was already a sum of Rs 1,300 held by members at the close of last year's end so, the outstanding under this item on the 30th June 1909 comes to Rs 2,450.

The interest allowed on fixed deposits was 5 per cent. per annum and Rs. 125-8-0 was paid out as interest and there was still Rs. 26-7-4 to be paid at the close of the year

In addition to the above, Rs. 1,500 was deposited out of the Fine Fund by the Railway Company repayable in 15 instalments with interest at 3 per cent. per annum which the Bank treats as a borrowing and Rs. 4-8-0 was pending payment as interest at the end of the year on this amount.

5. One hundred and thirteen loans amounting to Rs 10,210 were disbursed to members and 52 loans amounting to Rs 3,977-4-4 were outstanding against members at the beginning of the year. Of these Rs. 5,248-2-3 were recovered within the year under report. On the 30th June 1908 Rs. 8,039-2-1 was pending recovery in 126 loan cases The repayment and the recovery of the loans issued by the Bank has generally been very punctual inasmuch as that the amount with interest repayable by each borrower was deducted from his monthly salary in equal instalments by the Railway Company.

The Bank charges on the loans issued interest at 6¼ per cent. per annum and the amount realised was Rs. 372-14-6 and Rs. 67-9-8 was pending realisation on the last day of the year. Deducting from this Rs 50-9-1 that was pending at the end of the previous year, the sum to be credited to the profit account comes to Rs. 420-0-1.

6. The expenditure incurred on account of contingencies amounted to Rs. 28 and Rs 30 was paid as bonus to the individual who maintained the accounts. The vouchers for the contingent charges were checked by me and all the items were quite reasonable. No sum was pending payment on the last day under the two heads.

7. The balance of net profits of the previous years available for distribution among the share holders after deductions to the Reserve Fund appears not to have been divided as bonus. Therefore there was an outstanding of Rs 191-13-7 against the society at the close of the year which was taken as a liability.

8. The appended statements exhibit the receipts and disbursements of the Bank during the year, the profit and loss items and the assets and liabilities as they stood on the 30th June 1909.

From Imperial statement 2 it would appear that the Bank earned a net profit of Rs. 237-7-9 out of which ¼ should be carried to the Reserve Fund as per by-law 29. The amount, viz., Rs 59-5-11 together with Rs. 63-15-2, the Reserve Fund till the end of the previous year, makes up a total of Rs. 123-5-2 and the current year's Reserve Fund amount may be directed to be deposited in the Central Bank

9. During the year the Bank convened one general meeting and nine Managing Committee meeting, both of which were successfully conducted. As all the members of the Managing Committee are in the same office building, each of them is personally consulted on all matters. Hence the small number of meetings of the Committee.

10. The accounts and registers were neatly and correctly maintained and much credit is due to the managing members who take very great interest for the welfare of the Bank. Special mention should be made of the care and attention paid to the Bank's work by the Secretary and Auditor. I should also commend the methodical and accurate maintaining of the books of the Bank by the clerk.

The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain, and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 32·78 inches, the average due for the same period being 14·56 inches.
